# Research Library Catalogue

The Quinte Branch library collection includes something for everyone researching their family history. If you are unable to visit the library in person, research help is available from our volunteers. The collection includes resources for the Bay of Quinte area, other parts of Ontario and Canada, the United States of America, the United Kingdom and Ireland as well as Australia and Tasmania and is organized into the following categories:

- **Audio-Visual:** resources on CD-ROM, microfiche and microfilm include genealogies and census, loyalist, land, municipal, newspaper and cemetery records.
- **Cemeteries:** transcriptions of grave markers in cemeteries with a separate list of those included in the *Names Index Database* finding aid.
- **Census:** transcriptions of census records that have been published.
- **Directories:** town, city and county directories as well as yearbooks, member and research directories.
- **Genealogies:** hundreds of genealogies and family histories
- **Histories:** published local and other histories, church registers, school registers, ethnic and cultural records, loyalist lineages and lists, military records, diaries and biographies.
- **Lists:** transcriptions of church registers, county marriage registers, vital statistics, other birth, marriage and death records, scrapbooks, newspaper indexes, family history charts and pedigrees, immigration and passenger lists, periodical indexes and voters lists.
- **Newsletters:** includes organizations newsletters and journals, periodicals and magazines.
- **Records:** transcripts or indexes of account books, oaths of allegiance, court records, wills and probates, obituaries and funeral cards.
- **Reference:** atlases, gazetteers, general research books and guides, maps, land record indexes and assessment rolls.

More than half of the genealogies and some other resources in the collection are indexed in the *Names Index Database Finding Aid* available in the library and on the branch website at <http://www.rootsweb.ancestry.com/~cangbogs/> to help you quickly identify your ancestors and family members in the library holdings (please refer to *Using the Names Index Database Finding Aid* at [http://www.rootsweb.ancestry.com/~cangbogs/pdf\\_files/QBOGS\\_NID\\_FindingAid.pdf](http://www.rootsweb.ancestry.com/~cangbogs/pdf_files/QBOGS_NID_FindingAid.pdf)). Indexing of the branch research library collection is an on-going project.
