PO. BOX 151, CRAWFORDVILLE, FL 32326**

The Historical Society was created in October 1991. The WCHS was created to collect, preserve, exhibit, and interpret the heritage of Wakulla County with the establishment of a local history museum and fostering of publications on local history. Eighteen years later, the Society has made significant strides toward achievement of those goals though we have not yet completed our plans. With your continued help, we will continue moving forward as we enter our Museum and Archives and begin sharing our precious history.

Tax Deductible Contributions any amount great or small is solicited and appreciated! Thank you to those who regularly contribute extra dollars above the dues each year and thank you to those who have made sizable contributions over the years and for the Memorial Contributions that you have made in honor of others. We hope you will keep the Society in mind when you make Memorial gifts.
