ILLINOIS STATE GENEALOGICAL SOCIETY
FAMILY BIBLE RECORDS PROJECT

The purpose of this project is to collect and preserve Family Bible Records. The records do not have to have an Illinois connection. After records are published they will be archived for future generations. Prefer records with birth dates prior to 1920; however, if record contains later birth dates also, it will still be accepted.

Please type or print this form and attach it to photocopies of:
1) Bible's title page
2) Bible page with copyright date and publisher shown
3) All family record pages contained in the Bible

Please be sure that the "permission to publish" statement is signed.
