

Marriage Book Index, 1837-1920

Lake County, Indiana

This index was developed from marriage license books located in Lake County, Indiana, spanning 1837 to 1920. Both groom and bride indexes will provide the following information: the book number, page number, a license number, application number, groom and bride's name, age (if given), a second spelling (if given), and the marrying official. We have added the church name (if given) in the notes columns and whether there was consent by a parent or nearest relative.

Requests for copies of the original marriage application and license can be made by contacting the Lake County, Indiana, Clerk's Office using the form at the following website (Note that the Clerk's Office asks that you send no more than three requests at one time):
