

NOT TO BE FORGOTTEN

A Headstone for Charles E. Quinn

In almost every cemetery are the unmarked graves of people, some perhaps forgotten. During the research of civil war veterans buried in Reno County, it was discovered that veteran Charles Quinn had an unmarked grave at the East-side Cemetery. Military headstones are available at no cost as long as proof of service is provided. Marilyn James, a descendent, was located in Arkansas and a copy of his pension record obtained. Gale Wall completed the application and submitted to the Veterans Affairs office. On July 26, 2006 Kathleen Dankanyin, Jim Stoecklein and Gale Wall were present for the installation of Charles Quinn's headstone. Photos were mailed to Marilyn. She hopes to visit in the fall.

A very special "Thank You" to cemetery manager, Zachary Phillips and Jim Stahl for installing the headstone at no charge.
