MOCA Cemetery Inscription Project (MIP)
Combined index to Series I – II –III and unpublished holdings

This index includes all of the listings in Series I – II – III of the MOCA Cemetery Inscriptions. These listings have been put into permanent bindings and can be found at the Maine State Library. Also in this listing are cemeteries that we have documented for what will be series IV, and names of cemeteries that have not been done as of this time, but need to be completed at a future date.

These listings have been microfilmed and are available in Libraries all over the nation as well as several in Maine.

Series One Microfilm Set

Reel One Penobscot County
Reel Two Franklin and Somerset County
Reel Three Androscoggin and Kennebec County
Reel Four Cumberland, Oxford and York Counties
Reel Five Lincoln, Knox, Sagadahoc and Waldo Counties
Reel Six Aroostook, Hancock, Piscataquis and Washington Counties

Series Two Microfilm Set

Reel One Lincoln, Oxford and York Counties
Reel Two Knox, Penobscot, Sagadahoc, Somerset and Waldo Counties
Reel Three Aroostook, Franklin, Hancock and Washington Counties
Reel Four Androscoggin, Cumberland, Kennebec and Piscataquis Counties

The index will be listed by County, then by City/Town, then by name of Cemetery. After the cemetery it will list which series of books that it is published in I – II – III followed by the page number in that series that it starts on. Will also list how many pages of info that we have on that cemetery. My intent is to also try and publish the location and other info on the cemeteries as time goes on, as this project is an on-going project. Anything at this time that is followed by a series IV is in our records and not available at the Maine State Library as of this date. Any cemetery followed by a blank space or NR is a cemetery that we know of, but not recorded as of yet by MOCA.
