

**Iron County Register 20 & 27 Jan, 3 Feb 1898: The Personal Assessment List for the Taxes of 1898.  
Iron County, Missouri. (Part six of six) researched and compiled by John Abney**

**Compiler's notes: No corrections to the spelling of names were made. Merchants / manufacturers included in the individual's list will be published with the merchants / manufactures records in the last installment. The last installment will also include summary statistics derived from the compiled data. Individual assessments show the total value of: livestock / cattle plus cash (money, notes, bonds, and other credits) plus the total value of all other personal property. The value of any owned real estate is not included.**

The Iron County Personal Assessment List for the Taxes of 1898 included 1,522 individuals. The median total assessed dollar value of total personal assets was \$100 (half the residents with a total assessed value of their personal assets were \$100 or less and half were \$100 or more). You might be surprised to learn that the Iron County resident with the highest total assessed dollar value of personal assets was a woman, Mrs. Ann Logan at \$12, 470. The value of her personal assets was determined as follows:

Category <sup>1</sup>	Assessed Value \$
Horses	\$45
Mules	\$30
Cattle	\$60
Hogs	\$20
Money, notes, bonds & other credits	\$12,110
All other personal property	\$205
Total Value of Personal Assets	\$12,470

Based on information available on the society's website, we find that Ann STEPHENS was married to James M. LOGAN on 19 November 1857<sup>2</sup>. Both the STEPHENS and LOGAN families were among the early settlers in the area. Both families are profiled in Douglas' History of Southeast Missouri published in 1912 (available at the Ozark Regional Library in Ironton) and their biographies from that work are profiled on the society's website. While we don't know the source of Ann's wealth, one would have to assume that it came from her family as her husband was still alive and listed separately in the 1898 assessment.
