

## FIELD TRIPS

The society had a field trip to the White House on a knoll in the historical area of the Shallowford in Huntsville, just over the Davie County line in Yadkin County. This beautiful home has been accurately restored by Russ and Betty Morton. The Georgia-style house was built circa 1793 by Henry Young, and is listed on the National Registry of Historical Places and contains six fireplaces and heart pine floors that were hand-planed. 24 June 2007

John Fuller invited our society to tour his home, the former school of J.D. Hodges. John had carefully renovated this school to comply with the standards of a structure on the National Historic Registry. 28 July 2009
