

# ELECTION

## Republican Victories!

Iowa Goes Republican by 60,000.

Ohio Comes out from 10,000 to 15,000 Strong!

Nebraska Elects Her State Ticket by a Good Majority.

Hon. Wm. Gaslin, Jr., Elected Judge by Rousing Majority!

**THE PEOPLE TRIUMPHANT!**  
**THE FEDERAL BRIGADE BUSTED!**  
Franklin Co. Elects Her Entire Republican Ticket, Except Sheriff.

The election returns so far are very satisfactory. Iowa and Ohio come nobly to the front, with a large gain in the latter State, while our own Nebr., acquits herself with 10,000 or 15,000 for her State ticket. In this the 5th Judicial District, HON. WILLIAM GASLIN, JR., is elected Judge by a much larger majority than it was supposed to be had. Buffalo, Kearney, Adams, Harlan, Franklin, Farnas, Hitchcock, Red Willow and Sherman counties give Gaslin majorities, while Dawson, Webster and Phelps counties gave small majorities for Dilworth. Lincoln, Kieth and Cheyenne counties gave Hinman majorities. Thus Mr. Gaslin steps to the front at the hands of the people over probably the strongest opposition of any officer elected this fall, but the people were his friends, and they choose him for their judicial office, with a handsome majority over the man who was being forced to their notice, by the scheming politicians of this district. In this county the Republican ticket is elected, with the exception of Sheriff.

### Volume 4, No. 1.

This issue of the GUARD begins Vol. 4 of this paper. For three years, in one of the scarcely settled counties of our young State, the little sheet has gone abroad to be read by hundreds of people who are not on the subscription list. That it has had its influence in directing settlers to our county, we think all will admit, and the numerous little comments regarding this county and its prosperity, are not readily estimated, for the credits to the "Bloomington Guard" have been no less frequent among the "State News," of the Nebraska press, than were many of the country papers of much greater pretensions, thereby affording an advertising medium of no little worth.

In the instance of Franklin County, honors seem to follow the same rule. It was a very large leader in the cap of the county to win the championship of the State as an Agricultural County, and now to add to this the Grand Prize of Seventy-five dollars offered by the State Board of Agriculture for the largest number of trees planted on Arbor Day, is a little too much for us to bear up under without permitting our rooster to do one of his biggest jobs of crowing.

Two years ago Judge Morgan made a Timber Culture entry on a tract of land about six miles north of this town. He had the forty acres required to be planted in timber, broken out the same season, and last "Arbor Day" he planted thirty-two acres of it in timber. It took 14400 trees to plant that area, and nearly all have made a fine growth this season, some having attained the height of 8 or 10 feet. The Judge informs us that the prize money will cover the actual expense out in planting this forest. In speaking of this enterprise we feel that our expression of gratitude is also due Senator Hitchcock, for securing the passage of the timber culture act. An act in its influence in developing our unsettled prairies second to no act since the passage of the Homestead law. We have only to reflect that while Judge Morgan has planted the largest area in forest this year, of any person in the county, at the same time there are very many entries under this act, and that within three yrs there will be few sections in the county that will not have a forest of forty acres growing on them. We may confidently look forward to the time when the western part of the State will be covered with abundant timber, and the landscape surpassing in beauty that portion of the State settled before the passage of this act. The climate will be modified by the timber growth and this the result of the wise legislation referred to. While we desire to thus express our gratitude to the Senator for his efforts in our behalf, these trees will speak in thunder tones long after we have ceased to utter opinions. They will remain living monuments to perpetuate a grateful remembrance of the originator of the act that induced their culture. W

### The State Board of Agriculture.

The meanest and cheapest talent, and perhaps the most common among newspaper men, is that requisite for a habitual faultfinder and grumbler. It requires neither brains nor judgement to denounce any given enterprise as a failure, or the labors of any man or set of men as futile and foolish. It requires much intelligence and judgement to organize and carry on a State agricultural fair. It takes brains to carry an enterprise of this kind to any sort of an issue not an absolute and utter failure. But a man need know nothing beyond a slight acquaintance of words and the manner of putting them together in sentences, in order, after the work is done, to say that it ought to have been done better, and would have been done better had it been done differently or by somebody else. This is as far as the habitual growler ever goes. A man with sense enough to tell just how it could be done better, and who has interest enough in the matter to care whether it be done well or ill, will always take pains to make his suggestions in time to do some good, and will always have weight enough of character to be listened to.

The Omaha Bee follows the lead of the Herald in denouncing the State Board of Agriculture as a "close corporation," and in saying that "until it is reorganized" it will never be able to get up a good State fair. After growling because the whole State was not represented

The cause was impeached. Lack of personal effort on the part of every county member of the board whom the Bee is languishing to see put in executive possession of the whole business. It will be found that the counties that were represented, had in almost every instance one of these "few men," these so-called "close corporations," as a resident therein, men who like Charley Walker, out in Franklin county, took some time and spent some money in order to make a showing. And that if the members of the board had labored hard as this close corporation, which consists of course in the eyes of the Bee and the Herald of one man who takes interest enough in the matter to attend the meetings and discharge the duties of President, Secretary, Treasurer, and other executive offices, every county would have made a splendid showing, and the fair would have been a complete success. It is useless to "reorganize" this Board unless you can find some more men who will come to its meetings. We know that these men who are annually accused by some idiot of being a "close corporation" would like nothing better than to see one hundred active members of the Board at their meetings rather than to meet with only about a baker's dozen. The clergyman who rants and raves at the handful of the faithful who came out on a stormy Sabbath, because there are not more of them, is just as silly as the Herald and Bee men are for howling at the gentlemen who have for years had to do all work and take all the curses in this State Fair business because there are no greater number of them.

We prefer to give these few gentlemen credit for their energy. If they did no more in the matter than do the county members of the board, there wouldn't be State Fair or a meeting of the State Board of Agriculture for the next century.—Lincoln Journal.

### Franklin Co. at the State Fair.

The committee on county agricultural societies agree in making the following report: To Franklin county is awarded the premium of twenty-five dollars for the best display of agricultural products of any and all kinds. The display from Franklin is so large and valuable in itself, as well as in showing what may be done in the direction of county display, that your committee think a more detailed account should be put on record, than the limits of a formal report will allow.

First in regard to the variety and number of articles exhibited. Of cereal products, 5 varieties of oats, 2 of wheat, 3 of corn, 1 of rye and barley. Other field products, Flax, Millet, Hungarian grass, 2 varieties of broom corn, 4 of sorghum 10 varieties of potatoes, 2 varieties of peas, 8 of beans, 6 of carrots, 6 of turnips, 8 of pumpkins, 8 of cabbages, 6 of onions, 1 of sweet potatoes and sugar beets. Of things more commonly grown in the garden we have: 10 varieties of cabbages, 2 of radishes, 3 of melon, 2 of cucumbers, 11 of water melons, 6 of peppers, 1 of squashes, 2 of cranberries, 2 of ground cherries, 3 of gourds, 2 of pumpkins, 1 of musk melon, 1 of egg plant, 1 of cauliflower, 1 of cabbage, 1 of corn, 1 of broccoli, 1 of radish, 1 of citrus, 5 varieties of parsley, peas, chickory, salsify, and besides all this, 40 varieties of garden seeds.

There is also blue grass 8 feet high, a high valuable grass for hay, and an excellent article of beef, manufactured in this county. The entire list totals 240 distinct farm and garden products. As regards the quality of the products exhibited, they were in the main first-class, and many of them deserving of particular mention.

Broom corn ten feet high, planted July 4th, on sod; beets 5 feet long, others over 2 feet in circumference; water melons weighing 53 pounds; stalks of sorghum 10 feet 8 inches high, and many other articles of the same mammoth scale. When it is remembered that Franklin county was but recently organized, and lies way out in the Republican rangeland, three hundred miles west of the Missouri River, the significance of this display becomes more marked.

The committee desire also to commend the care and taste shown by the committee of citizens having the display in charge, Messrs J. F. Fugatey, H. C. Wells, Denton Young and C. H. Walker, in arranging it for exhibition.

On the whole your committee think that this display of Franklin county furnishes an example which other counties would do well to imitate, and watch for this year at least, and until some other county shall make a better display, entitled to be

Very country members of the board whom the Bee is languishing to see put in executive possession of the whole business. ### Volume 4, No. 1.

This issue of the GUARD begins Vol. 4 of this paper. For three years, in one of the sparsely settled counties of our young State, the little sheet has gone abroad to be read by hundreds of people who are not on the subscription list. That it has had its influence in directing settlers to our county, we think all will admit, and the numerous little comments regarding this county and its prosperity, are not readily estimated, for the credits to the "Bloomington Guard" have been no less frequent among the "State News," of the Nebraska press, than were many of the country papers of much greater pretensions, thereby affording an advertising medium of no little worth.

That our county has prospered steadily since its organization despite the disadvantages of the last season, is apparent on all sides, and with it we think the GUARD has kept pace. By the most rigid economy on all sides, its publishers have been enabled to add a few dollars in material until it is now a fair specimen of country papers, in appearance. It is yet very deficient but it will be the aim of its publisher to improve, until the GUARD shall go to its patrons, a credit to its proprietor, and to the county. We have a good county located in the garden valley of the State, which is settled with a class of enterprising citizens, who feel an interest in our welfare and contribute largely of their mite for our support, and we promise them in return to work for their best interest, for the building up of our towns and the entire county, and to improve the paper as fast as the support will warrant. For the past encouragement since the paper has been under its present management, we are duly appreciative and shall strive to merit a continuance of the same in the future.

We ask all those who feel able to give us their patronage. See that their next neighbors do likewise, and this way you will find that your county paper will soon be a good one.

Election is over and we can now turn attention to other matters of interest to our county readers. Political matters have encroached upon our space to a considerable extent, but our efforts were made in behalf of what we considered to be the right, and which is now in the main confirmed by the people. We hold no animosity to our legitimate opponents and all differences are now past. Several contributions have been unwantonly laid over, but hereafter all contributors will receive proper attention, and we hope every part of the county will claim their portion of space.

Sixteen homesteads have been taken in Macon precinct, this county, within the past sixty days. Brown Co. fills, furnishes these settlers, and a fine class of citizens we find them to be.

### The State Board of Agriculture.

The meanest and cheapest talent, and perhaps the most common among newspaper men, is that requisite for a habitual faultfinder and grumbler. It requires neither brains nor judgement to denounce any given enterprise as a failure, or the labors of any man or set of men as futile and foolish. It requires much intelligence and judgement to organize and carry on a State agricultural fair. It takes brains to carry an enterprise of this kind to any sort of an issue not an absolute and utter failure. But a man need know nothing beyond a slight acquaintance of words and the manner of putting them together in sentences, in order, after the work is done, to say that it ought to have been done better, and would have been done better had it been done differently or by somebody else. This is as far as the habitual growler ever goes. A man with sense enough to tell just how it could be done better, and who has interest enough in the matter to care whether it be done well or ill, will always take pains to make his suggestions in time to do some good, and will always have weight enough of character to be listened to.

The Omaha Bee follows the lead of the Herald in denouncing the State Board of Agriculture as a "close corporation," and in saying that until it is "reorganized" it will never be able to get up a good State fair. After growling because the whole State was not represented at Omaha, it says it don't know whether this resulted from a general apathy or local jealousy, but in either case something is radically wrong; and proceeds to clamor for the "reorganization" aforesaid. The fact that the Bee "don't know" what is a sufficient retutation of its proposed remedy.

But the Bee does finally advance a thing by which the Board might be improved. It says: It is self-evident that State Fairs in Nebraska will never become what they should be until the State Board of Agriculture is reorganized to meet the wants of this progressive commonwealth. Instead of being composed of a handful of self-elected members, the Board should be composed of at least one member from each county, and that member should be selected by the local board. These men would naturally be selected from among practical, intelligent and successful farmers, and the Board thus constituted could readily arouse a live and active local competition in every county. Until this is done our State Fairs will continue to be as they have been, merely sectional exhibitions. State fairs in name, but not in fact.

This shows conclusively that the Bee is not only ignorant of the causes that brought about the small representation of counties at the State Fair, but it is also ignorant of the manner in which the State Board of Agriculture is constructed, and the make-up of its members. It says that the Board "should be made up of at least one member for each county, and that member should be selected by the local board of each county."

That is precisely the case at present. The President of every county agricultural society in the State, who is elected by the "local boards," is a member by law, of the State Board of Agriculture. This makes it in the power of every county to be represented on the State Board by a man of its own choosing, giving 60 members thus selected. How is this for a "close corporation?"

It is true that the business of the board is pretty nearly all transacted by a few men, but who is to blame? If you are jealous of these few men and banish them from the Board, what then? Will the parties who ought to be present at the meetings of the Board come any more promptly because such gentlemen as Purvis, Seckling, Morton, Wheeler, Walker, Mason, Woods, Winstow, Barton, Daniels, Spearman, Green, H. Mathewson and Allen were not to be there? What absurd folly because these men take interest enough in the matter to attend to it to claim that they should be turned out, and somebody should take their places whose chief claim to the position consists in their utter indifference to the whole business?

Now it is simply asinine to claim that "local jealousy" or "general apathy" was the cause of the want of representa-

es, 3 of pie melon, 4 of cucumber, 11 of water melons, 6 of peppers, 1 of squashes, 2 of corn, 3 of tomatoes, 2 of ground cherries, 3 of gaudy, egg plant, corn, many fine mock oranges, egg plant, cauliflower, 2 varieties of cabbage, 3 of corn, borecole, corn, 100, citrus, 5 varieties of parsley, peas, chickory, saisy, and be-lies all this, 40 varieties of garden seeds.

There is also blue grass 8 feet high, a high valuable grass for hay, and an excellent article of flour, manufactured in this county. The entire list totals 215 distinct farm and garden products. As regards the quality of the products exhibited, they were in the main first-class, and many of them deserving of particular mention.

Broom corn ten feet high, planted July 4th, on sod; beets 5 feet long, others over 2 feet in circumference; water melons weighing 35 pounds; stalks of sorghum 10 feet 8 inches high, and many other articles of the same mammoth size. When it is remembered that Franklin county was but recently organized, and lies way out in the Republican vinery, three hundred miles west of the Missouri river, the significance of this display becomes more marked.

The committee desire also to commend the care and taste shown by the committee of citizens having the display in charge, Messrs J. F. Fugatey, H. C. Wells, Deaton Young and C. H. Walker, in arranging it for exhibition.

On the whole your committee think that this display of Franklin county furnishes an example which other counties would do well to imitate, and watch for this year at least, and until some other county shall make a better display, entitles Franklin county to the championship of the State in this direction, an honor well earned and richly deserved.

S. R. THOMPSON,  
H. W. FUGATEY,  
JOHN ROBERTS, } Com.

### The Centennial

Parties in this State who purpose exhibiting at the international exposition to Philadelphia in 1876, should make known their intention at once to D. H. Wheeler, Secretary of the Centennial State board of Management, Omaha, who will furnish blanks, and instructions.

The classification embraces ten departments.

1. Raw material—mineral, animal and vegetable.
2. Materials and manufactures used for food or in the arts, the result of extractive or combining processes.
3. Textile and felted fabrics, apparel, costumes and ornaments for the person.
4. Furniture and manufactures, of general use in construction, and in dwellings.
5. Tools, implements, machines, and processes.
6. Motors and transportation.
7. Apparatus and methods for the increase and diffusion of knowledge.
8. Engineering, public work architecture, etc.
9. Plastic and graphic arts.
10. Objects illustrating efforts for the improvement of the physical, intellectual and moral condition of man.

Each department will be divided into ten groups, and each group subdivided into one hundred classes.

All exhibitors should describe the article to be exhibited, the manner of exhibiting, whether in show cases or otherwise, the space in feet and inches to be occupied. Exhibitors of live stock the kind and number.

Persons desirous of exhibiting will see the necessity of an early application to enable the State Board to arrive at a correct data of space for the State.

**LOCAL MATTERS.**

Five covered wagons halted in town Monday morning. They were direct from Indian, and bound for Harlan Co.

A sure cure for an irritable husband? Go to Mrs. Markell's, at Riverton, and get one of Mme Demorests perfect fitting shirt patterns.

Mr. M. S. Budlong, of North Franklin precinct, dropped in on us Thursday evening for a chat. He reports everybody lively in that precinct.

Figures wont lie—only just before election. Have you heard from Buffalo? Seven straight votes for the Gen'l.

Peter Phillips called the other day just long enough tell us of that 12½ pound boy of his. That is a bouncer, and we don't blame his parents for feeling proud of so promising a son.

Have you looked at the large stock of goods just opened at Bloomington by Vollenline Brothers? If not be sure to do so before making your purchases.

The Patron is out again. This time it promises more frequent visits. Grangers support your State paper.

Thomas Vollenline, Esq., was in town over Sunday, the guest of our townsman Mr. Geo. W. Sheppard.

Martin & Kolmel of the Stevens house have dissolved partnership. Martin takes full control, settles bills and receives all msneys due the late firm.

D. Van Etten, leaves to-day for Omaha on information received that his wife left that city about two weeks ago, leaving her little son behind. It is feared she has met with accident.

Hon. Webster Eaton, the newly appointed Register of the U. S. Land Office at this place, arrived in town Thursday evening with his family, and is stopping at the Stevens house. He rejoices with those that rejoice, over the judicial contest.

The Nebraska Teachers comes to our table this week, bearing a familiar appearance although nearly a year absent. We notice considerable improvement in its general make-up and find this number very interesting. Every student should read this monthly whether teaching or not.

Bloomington has a Sabbath school now under the superintendency of Dr Loyd, and we hope to see it prosper this time. Our people should feel an interest in the school and turn out.

Those of our subscribers who intend to take eastern publications this fall, will do well to watch our club list. We shall offer many of the standard publications with the GUARD at greatly reduced figures.

A. K. Kinnear Esq., brought up from Riverton, Stockton and Marion a subscription list for 418 of the extra

Read the notice of the Agricultural Society meeting at Riverton on the 13th of Nov.

Every Lady her own Dress-maker! You can go to Mrs. J. Markell, and find a pattern that will fit you as perfectly as any dress-maker can.

Boy's patterns to be found at Mrs. J. Markells, for any age up to sixteen.

Mrs. J. Markell keeps a full supply of Mme Demorests patterns, of all kinds for children. Send and get a catalogue.

Imperial Soap at Tinkham's, 3 bars for 25 cets.

Pure Cider Vinegar at Tinkham's.

You ought to see Vollenline's new prints, and enquire their prices.

All kinds of ladies goods at Vollenline's.

The best teas, coffee, sugar, and in fact all kinds of groceries, at Vollenline's new store in Bloomington.

For your winter flannels go to Vollenline's new store.

Look at Vollenline's stock of boots and shoes, before you buy. You may suit yourself on price and quality to a T., who knows.

Vollenline Bros., are putting shelving all around their store building to make room for their big stock of merchandise.

We looked at Fuller & Wiant's stock of Boots & Shoes, while in Riverton, & found it to be the largest & best we have every seen in the country. Their stock was manufactured in England expressly for them, and is a good one. 50

Read our offer with the Louisville Courier-Journal, in another place. The C.-J., is a national family paper.

W. F. Harsch of Riverton, will sell you more tinware, hardware and stoves for your money, than any man in the county. Give him a trial. 50

We want potatoes on subscription accounts and will also take about a hundred head of nice cabbage in the same way.

The best lot of tobaccos at the P. O. store, in Riverton, to be found in the county. Try them once. 50

For pure drugs, patent medicines, books, notions, stationery, lamps, glass, putty, dyes and all appliances usually kept by a first-class house, call on Dr. Razez, at Riverton, east side of creek. 50

TALORESS.—Mrs. M. J. Kern, at Darby's, solicits work in the tailoring line. She has followed the business for 15 years and will be glad to do any work that may be entrusted to her. Satisfaction given in every particular.

For your nice teas, coffee, spices, and in fact all kinds of groceries, just try Me at the P. O. store, Riverton, if you want bargains. 50

If you want a fine article of tea, either Gunpowder, Young Hyson or Japan, at very low price, go to Harman's,

For School Books of all kinds, go to the Drug Store. Most complete stock in the valley. 50

Nails a speciality, at the Riverton hardware store, and all kinds of

M. E. QUARTERLY MEETING—The presiding Elder of the M. E. Church, Rev. A. G. White, will be at Bloomington on the 6th and 7th of November. Let it be remembered and the people turn out and give the meeting proper attention.

Splendid article of ladies' clothe, for the fall and winter wear, at Vollenline's

**Rep. Co. Central Committee.**

The following is a list of the Republican County Central Committee, for Franklin County, as elected by the convention last Saturday:

- Daniel Brown, Chairman.
- C. H. Walker, Secretary.
- M. O'Sullivan, Riverton.
- Alexander McDonald, Stockton.
- S. M. Brown, Amazon.
- D. K. Calkins, Macon.
- J. L. Cook, Bloomington.
- Evan Worthing.
- Wm. J. Madison, Ash Grove.
- Thos. Kirtney, Oak Grove, and the Ch'n of the Turkey Creek Precinct Committee, —we did not get his name.

**The Fire in Lincoln,**

Monday night about 10:30 while the "Two Orphans" was being performed in Hollo's Opera House in Lincoln, a fire from the lights above the stage caught in the screen curtains and in a few minutes the entire stage was wrapped in flames. The large audience congregated there became greatly excited and frightened, and made a rush for the stairways. The engines were soon on hand, but too late to save the building. Within a half of an hour the west wall fell burying a small building standing beside of it.

The postoffice was on the first floor beneath the Opera House, but fortunately all the post office matter was saved.

The building was creched by Mr. Hollo in 1872 at a cost of \$40 000, which is a total loss, there being no insurance whatever upon it.

**MANHOOD: how lost, how restored**

Just published a new edition of Dr. Culver's Celebrated Essay on the radical cure (without medicine) of Spinal Paresis or Sexual Weakness, Involuntary Seminal Losses, Impotency, Menstrual and Physical Incapacity, Impediments to Marriage, etc.; also Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance, &c.

Price in a sealed envelope, only six cents. The celebrated author, in his admirable essay, clearly demonstrates, from a 20 years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This lecture should be in the hands of every youth and every man in the land. Sent diseased, in plain envelope, to any address, post-paid, on receipt of 6 cents or two post stamps. Address the Publishers, 1-4 Chas. J. C. Kline & Co. 127 Bowery, N. Y. P. O. Box, 4386.

...with his family, and is stopping at the Stevens house. He rejoices with those that rejoice, over the judicial contest.

The Nebraska Teachers comes to our table this week, bearing a familiar appearance although nearly a year absent. We notice considerable improvement in its general make-up and find this number very interesting. Every student should read this monthly whether teaching or not.

Bloomington has a Sabbath school now under the superintendency of Dr. Loyd, and we hope to see it prosper this time. Our people should feel an interest in the school and turn out.

Those of our subscribers who intend to take eastern publications this fall, will do well to watch our club list. We shall offer many of the standard publications with the GUARD at greatly reduced figures.

A. K. Kinnear Esq., brought up from Riverton, Stockton and Marion a subscription list for 418 of the extra pages we shall print next week. This is a list from only one portion of the county.

Messrs. A. K. Kinnear, — Markell, Warriner and A. M. deClercq, all congregated in our office yesterday for purpose of talking up the agricultural thing, so we learned by the hieroglyphic Clercq left on our table. We supposed when we went out (the back way,) were looking for the man that "writ" premium list.

the State Journal of Sept. 20th, and over the signature of "C.H.W." in this county, the following paragraph: "There is considerable political ferment at this time. It mainly centers on the Dist. Judgeship. Of the candidates named Dilworth and Kaley are to be the most prominent. At this time it is hard to predict who will be the lucky man." We wonder if Mr. Dilworth by this time there was another candidate in the race?

base ballists who visited Red Springs during the Webster Co. fair, commending very much of their treatment here. If their story be true, it is a foundation, and we think the ballists rather partial. Now if our club has been attired in their "Sunday" led around by the brewery wice, we believe they would be seated up in the front rank in as many of the other clubs, but they were compelled to take and groans for cheers. Quite a number must confess.

Harney Pross says now that over and enough is known to all sacrifice himself for the public for the next few yrs, or of note that while our working sons of toil are the day they were before the they are not greeted as sympathizing candidate does them by the hand so warmly after their general welfare at concerns them, but pass unnoticed. Take no exceptions, for his business reason attention at this time. seem to be much change life in Bloomington, but the attendance at Sunday as regular hereafter.

The best lot of tobaccos at the P. O. store, in Riverton, to be found in the county. Try them once. 50

For pure drugs, patent medicines, books, notions, stationery, lamps, glass, putty, dyes and all appliances usually kept by a first-class house, call on Dr. Razez, at Riverton, east side of creek. 50

TALORESS.—Mrs. M. J. Kern, at Darby's, solicits work in the tailoring line. She has followed the business for 15 years and will be glad to do any work that may be entrusted to her. Satisfaction given in every particular.

For your nice teas, coffee, spices, and in fact all kinds of groceries, just try Me at the P. O. store, Riverton, if you want bargains. 50

If you want a fine article of tea, either Gunpowder, Young Hyson or Japan, at very low price, go to Harman's,

For School Books of all kinds, go to the Drug Store. Most complete stock in the valley. 50

Nails a speciality, at the Riverton hardware store, and all kinds of builders hardware. Call in and get prices.

For your dry goods, groceries and tobaccos, patronize Fuller & Wiant, when in Riverton; they are the old stand-bys and will give you value received. 50

Bring your wheat where you can get the highest market price. 40  
Try Tinkham Bros.

Headquarters for guns, revolvers and ammunition at V. B. Clark's hardware store, Kearney Neb. 47

All in want of Wood or Iron Pumps will find it to their advantage to call at Clark's hardware store in Kearney. 47

The best assortment of Cooking and Heating Stoves in western Neb., at V. B. Clark's, Kearney. 47

Highest cash price paid for wheat at Downing & Bartlett's, Lowell Neb. 45

When you go to Kearney call at Henlhorn & Water's art gallery and get your picture taken. 47

NOTICE—We will grind Buckwheat on November 1st, 2d, and 3d, SHEPPARDSON & SONS, 50 Riverton Mills.

It must be that Groceries are sold very cheap at the Drug Store, judging from the amount we see carried away. Harman is building up a trade quick.

### PAY UP.

All those indebted to Dr. W. W. Loyd will find their several accounts with F. A. Harman, at the drug store, where they can pay in the amounts and receive their receipts. All those interested are requested to settle immediately. Money is wanted, but those who cannot raise it can bring in grain. 52

### Notice.

There will be a meeting of the Directors and Members of the Franklin Co. Agricultural Society, held at Riverton, Saturday, Nov. 13th, for the purpose of bearing a report from the committee who accompanied the products of this County to the State Fair, and to pay off the premiums awarded at our county fair. It is desired that there be a general attendance. The position that we have won as Banner County in the State calls for work from us all to maintain our position. All desirous of becoming members of the Society are invited to come forward and bring their dollar.

...the application of the knife... a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This lecture should be in the hands of every youth and every man in the land. Sent unsealed, in plain envelope, to any address, post-paid, on receipt of 6 cents or two post stamps. Address the Publishers, 1-4 Chas. J. O. Kline & Co. 127 Bowery, N. Y. P. O. Box, 4888.

## PHYSICIAN & S RIVERTON,

Will devote his time exclusively to the practice of medicine. Office in Riverton house.

### SUBSCRIBERS REA

We have waited patiently for some time in this county who in now that a good crop is harvest prices can be obtained, we are owing us to come in square counts at once, be they ever have liabilities which were in enlarging our paper which must mediate, and in order to do it have what is due in the county. There is over two hundred of our subscription books which pending upon to help us meet ties, which must be had. We to be harsh, but our creditors d ment and we have no other me them than by getting what is d master how small the amount spare us, it will be thankful and properly credited.
