

GREENLAWN CEMETERY – Old Mausoleum

The Old Mausoleum, built about 1900, is located at the north end of the cemetery on the east side of section H north. The burials were read starting on the right side of the building then going around, reading rows in columns from top to bottom. These inscriptions were read by Sandy Neal in 1997 and verified by Gladys Reynolds and Joyce M. Sadler, Sept. 26, 2002.
