

## GREENLAWN CEMETERY – Triangles

These areas are found at the roadway intersections of cemetery roads due to the configurations of some sections. They are very similar to traffic islands formed at some street intersections. These triangle sections are best viewed by looking at a cemetery map which will show the seven small triangle sections numbered #1 through #7. There is a minor location discrepancy between the map layout and the actual physical location so we add the following compass directions which are also approximate.

- Triangle 1 - East of Soldier's Circle southwesterly
- Triangle 2 - East of Soldier's Circle northerly
- Triangle 3 - South of Section 20 westerly
- Triangle 4 - South of Section 20 easterly
- Triangle 5 - North of Section 21 westerly
- Triangle 6 - North of Section 5 between Sections 7 & 5 east of concrete road
- Triangle 7 - South of Section 8 between Sections 7 & 9 along concrete road

Note that Triangles 6 & 7 are no longer separate islands. Triangle 6 is at the edge of Section 5 and Triangle 7 is at the edge of Section 8.
