Yizkor Books

The Neveh Shalom Library used to house the Portland State University collection of 123 Yizkor Books, mostly from Eastern Europe and Israel. In 2008, these books were returned to Portland State. A list of these Yizkor Books can be found on the JGSO website (<http://www.rootsweb.com/~orjgs>). The list also is on *The JGSO CD-Rom*. The books were published following WWII in memory of those families who were killed or lost during the Holocaust. They are usually written in Yiddish and/or Hebrew with some material in English. Each volume represents the recalled memories of a shtetl and its Jews in Eastern Europe and usually has the name of the Shtetl in its title.

Newsletters and Periodicals

The last two years of many newsletters from Jewish genealogy societies from around the world are kept in binders on the lower shelf of the genealogy area of the library.
