This index is a complete listing of names found in the 1850 Greenville District, South Carolina Federal Population Census. The index does not contain all information recorded in the census record. It only includes:

- Page #: The number stamped on the page. The census consisted of pages stamped with page numbers from page 318 to 480. Note that there was no page 405. The page is not missing, but left out in error when the records were stamped with page numbers. The household and family numbers remained in order and consistent. Blank lines and pages are marked as such in this file. Pages 318 through 471 are throughout the county with no specific township or location recorded. Pages 472 through 480 are marked as "The Town of Greenville", referring to the incorporated town of Greenville.
- Line # (order): Each "census page" included 2 sheets of 42 lines for a total of 84 lines per page. This is the order in which individuals were enumerated. In this file lines 1 through 42 are taken from the first sheet, lines 43 through 84 are taken from the second sheet in the order they appeared.
- Dwelling and Family #: The Household and Family columns remained consistent and the same throughout the census records. The head of household, usually the male or senior family member is listed first in the household.
- Surname: Surname of individual as found in the record. Consider phonetic spellings for names. Often the enumerator recorded names as they sounded,
- Given Name: Given name of individual as found in the record.
- Age: Age (in years) of individual as found in the record. Children under the age of 1 year were recorded in months of age. Example: "3/12" for 3 month old.
- Race: The race of individuals, white, free blacks and mulatto as taken from the "Race" column in the records. Slaves were not enumerated and were only counted on a separate "Slave Schedule".
