Dick Eastman has been involved in genealogy for more than 30 years and worked in the computer industry for more than 40 years in hardware, software, and managerial positions.

On January 15, 1996, Eastman's Online Genealogy Newsletter was launched as an e-mail publication and announced to 100 surprised friends and acquaintances. The weekly newsletter has since grown into a daily publication, still available in e-mail but also now available on the World Wide Web.

The present newsletter is read by more than 60,000 genealogists all over the world. Other guest authors occasionally publish articles in EOGN.com as well.

Join us for a conversation with Dick Eastman.

Topics include:

- The Family History World in 10 Years Time
