### Help Support our SCHOLARSHIP FUND !!!

In 1961, as a part of the work of the Rehabilitation and Veterans' Administration Hospitals Committee, the chapter initiated the giving of a \$25 annual book scholarship to a student in the Occupational Therapy Department of Texas Woman's University.

Since then, the scholarship amount has increased to \$200.00. In 2008, the scholarship was changed to Tarrant County College of Fort Worth. With the recent military conflicts abroad and the onset of many injured veterans now returning home, the need for occupational therapists has drastically increased.

By providing scholarships to students seeking this career choice, we not only help them to succeed but also give our support and gratitude to our veterans for serving.

For a **\$20.00** donation, you will receive this beautiful pin of gold with blue and crystal rhinestones. All proceeds will go to the Hon. Philip Livingston Chapter Scholarship Fund.
