## Family History Tips

**Sharing Sources in New FamilySearch** - In response to last week's question concerning whether multimedia files could be attached to sources in nFS, a reader submitted an excellent work around. "Until nFS is updated with attachment capabilities for everyone to see original sources, you could send an email to the original contributor (hopefully they have included their email address in their contact info) with a copy of your image as evidence for a requested change.

**Bookmark an Individual in NFS** - Have you ever wished you didn't have to navigate your whole pedigree each time you wanted a specific individual you work with frequently? With the individual in the primary position in new FamilySearch, click Favorites (Internet Explorer) or Book Marks (Firefox), then click Add to Favorites (or Bookmarks) and enter a name such as "nFS-Bill Jones". Click Add. The next time you want to use new FamilySearch, select the "Favorite" or "Bookmark" you created in your browser. Sign in and new FamilySearch takes you directly to that person (rather than to your own record).

## Questions/Answers

**Question:** Using PAF 5.2, when I go to file, then print reports, then select books, then open in Microsoft word 2000, the portraits in PAF were automatically included. However, after I upgraded to 2007, the pictures are not included. Have you seen this before?

**Answer:** Try changing the view to the Print or Web layout view. Word 2007 does not automatically display graphics unless they are formatted "in line with text". You can force them to display by choosing the Print or Web layout view. Or you could reformat all the individual pictures to "in line with text" .

## Favorite Websites

**Civil War Rosters** - Arranged by State - This is a directory of all Civil War Rosters and Muster Rolls found on the internet.

**Nebraska Gravestones** - Browse over 121,400 gravestone photo records from across Nebraska!

## Surname Queries

I received a genealogy database created with Family Tree Maker 2009 file from a fellow researcher, but do not have access to the program to be able to open it. Would someone be willing to open it for me and convert it to a GEDCOM. Please contact Bobbie at [bobged75@yahoo.com](mailto:bobged75@yahoo.com)

## New Acquisitions

None this week

## Remember...

### Eternal Families

I promise you that if you will keep your journals and records, they will indeed be a source of great inspiration to your families, to your children, your grandchildren, and others, on through the generations.

Each of us is important to those who are near and dear to us and as our posterity read of our life's experiences, they, too, will come to know and love us. And in that glorious day when our families are together in the eternities, we will already be acquainted.

---by Spencer W. Kimball, *New Era*, December 1980, pg 26
