After the Goats

The first significant changes in the cemetery in many, many years, took place in June this year when the group hired "Healing Hooves LLC" for vegetation management. Two hundred and sixty goats eating everything they could reach for one week, made quite a change in the landscape.

There is still a lot of brush that was not edible, even by goats, so we still have lots of work to do. Rod Smith plans to cut some of the heavy brush along the entrance to prepare for a tractor to smooth the driveway and prepare it for a layer of gravel.

The annual 2009 meeting took place on June 27th at the Feeding Station in Tekoa with the following members present: L-R

Sue & Rod Smith, Quentin Clark, Dudley Clark, Howard Morgan, Jim & Jo Ann Savitz, Fred Smith, Shirley & Jim Irwin. Next meeting will be in the fall –Date tba

Our esteemed association President, Fred Smith, has made quite a good find in a story about the Evergreen Cemetery Restoration project located near Colville Washington: The Northwest Washington Genealogy Society (NEWGS) was recently awarded a "Certificate of Authority" by the Department of Archaeology & Historic Preservation to continue the care and Maintenance of Evergreen Cemetery. It seems it was discovered the cemetery was not owned by anyone-not the county, not the city, not a private entity-thus no one was taking responsibility for it's care. Sound familiar?

In short; the certification enables them to apply for grants to help pay for upkeep and resetting head stones, documenting what is there and whatever else needs doing. **Our application and information is in the mail!!!**

If you would like to make a contribution for the maintenance of this Historic, Pioneer, Cemetery.
